

Schedule a pickup!

Appointments are now available for bulk trash pickups! Use the button above, or call us at 602-262-6251. **Please note:** Some communities schedule bulk trash collection for their entire neighborhood at once. Before trying to schedule your pickup, **check here to see if your neighborhood already has a community appointment arranged.**

Here are some things to remember when you schedule a pickup:

- Appointments must be made a minimum of 3 business days in advance, and can be booked as early as 4 weeks in advance.
- Make sure you have your appointment scheduled *before* you begin placing your bulk items at the curb (no more than 7 days ahead of your scheduled date).
- Each household can schedule **one (1)** bulk trash collection for the remainder of 2024.
- Beginning in 2025, each household can choose when to schedule up to **four (4)** bulk trash pickups per calendar year.
